2012 Lawn Fertilization Services

We offer full season lawn fertilization to keep lawn healthy and vibrant. We use only granular fertilizers that have been approved for use in Michigan by the Michigan Department of Agriculture. All fertilizer applications are appropriate for the time of year that they are being applied to included faster or long term green-up of your lawn and to control weeds throughout the entire growing season. Grub control or any other insecticides are also applied at the appropriate time of the season to provide lasting results.

All of our lawn service technicians are licensed and follow guidelines and rules issued by the Michigan Department of Agriculture to assure optimum benefits without worry of safety issues for you or your family. We also provide ongoing training to each application specialist so that we can meet your needs properly.

We offer seasonal packages to suit your needs. Each fertilization package includes only the highest quality of lawn care products commercially available to help assure your lawn is the best it can be. Sign up now and assure that your lawn will be one of the best looking lawns on the block.
